

ARROWLEAF

The Zuppigers immigrated to Canada from Switzerland in 1986. Having run both fruit growing and dairy operations, Joe and Margrit were looking to try something new. In 1996 they purchased Suncrest Vineyard with the goal of starting a land based winery.

Manuel went back to Switzerland to train as a winemaker and returned with a keen interest to make wine in the fledgling Okanagan wine region. Arrowleaf officially opened its doors in the spring of 2003.

Riesling 2015

Floral, apricot, pineapple and lemon aromas. On the palate it presents itself as a dry wine, with a prominent streak of fresh acidity that is the hallmark of the Riesling grape. The residual sugar is barely perceptible, yet it softens the acidity just enough to lift the fruit and let the flavours shine
